

DO116004

## Batch of 10 tubes for metal spectroscope

Batch of 10 tubes for metal spectroscope.

### School level

Senior high school.

### Technical features

Tubes in PMMA with caps  
Capacity: 5 ml  
Dimensions: 40 x Ø8 mm  
Total weight: 10 g  
Packaging: 10 pcs sachet.

*With metal spectroscope*

### Product advantages

- **Experiments optimised:** early preparation of solutions to measure.

### Examples of experiments

- Spectrometry.
- Spectre absorption by liquids.

### Associated products

Metal spectroscope with tank – **DO116006**

Double power supply for spectral lamps - **DE100004**
