

DO116002

Graduated flat spectroscope

Manual spectroscope to read wavelength.

School level

Senior high school.

Technical features

- Cardboard model
- Grating 530 Tr.
- Graduation of wavelengths integrated
- Slit width: 0,5mm
- Correlation table of chemicals integrated
- Dimensions: 185 x 115 x 25mm
- Weight: 30 g
- Packaging: individual.

Product advantages

- Light = **easier experiments.**
- Direct vision** of wavelength scale.
- Correlation table **available in all languages.**

Examples of experiments

- Spectrometry.

Associated products

Spectroscope with tank – **DO116006**

Spectroscope tube – **DO116003**
