

DM230022

## Magnetic support for dynamometer peson

Magnetic support for device to measure 10N force.

### School level

Junior and senior high schools.

### Technical features

Support for dynamometer in black plastic  
Magnet Ø45 x 8mm  
With protection cap for magnet  
Dimensions: 60 x Ø45mm  
Weight: 90 g  
Packaging: individual sachet / 20 pieces box.

#### Dynamometers peson

<b>DM231005</b>	Dynamometer peson 1N
<b>DM231006</b>	Dynamometer peson 2N
<b>DM231007</b>	Dynamometer peson 5N
<b>DM231008</b>	Dynamometer peson 10N

### Product advantages

- Use of peson dynamometers **on magnetic board**.
- **Strong adhesion and skid-proof.**
- **No scratches** on magnetic boards.

### Examples of experiments

- Study of moments and forces.
- Hook law.

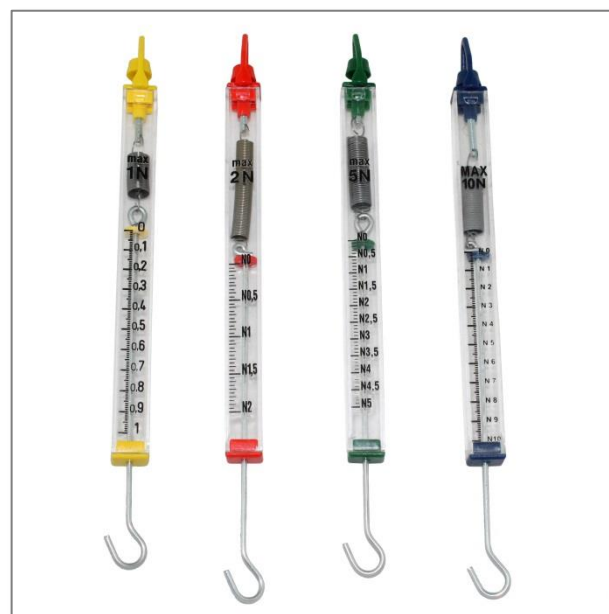

### Associated products

Erasable magnetic board 600 x 900 – **DM230024**  
MECAPRO suitcase – **DM233008**  
Batch of 10 caps for magnets – **DM230026**  
Batch of 11 hook masses – **DM232007**

## EXPERIMENTS

*Use on erasable magnetic board*

*TWINSE range of dynamometers peson*
