

DO111009

Polarizing filter slide

Slide to study polarization.

School level

Senior high school.

Technical features

- Polarizing filter set on a slide
- To use with polarizing filter graduated
- Tolerance +/- 10%
- Dimensions: 50 x 50 mm
- Packaging: sachet of 25 units for a reference

Product advantages

- Easy to identify: serigraphy.

Examples of experiments

- Light polarization.

Associated products

- Polarizing filter premium – **DO111023**
- Pair of polarizing filters – **DO111022**
- Prismatic optics bench premium – **DO106023**
- Senior optics bench – **DO106003**
