

DO108009

Red token laser

Laser on token.

School level

Junior and senior high schools.

Technical features

Laser class II / 635 nm / red
Power: 1mW
Black anodized aluminium tube Ø28mm
Adjusted token Ø40mm
Power supply: 230 – 5V (included)
Dimensions: 80 x Ø27mm
Weight: 100 g
Packaging: individual.

Product advantages

- **Laser adjustable** on every optics benches.
- Light product = **easier experiments**.
- **Protection against overvoltage and polarities inversion.**

Associated products

INITIAL optics bench – **DO106009**
INITIAL lens & slide holder – **DO107005**
SENIOR optics bench – **DO106003**

Included power supply
