

DO116009

Tube spectroscope

Manual spectroscope to read wavelength.

School level

Senior high school.

Technical features

Black tube in plastic
Gratings 140 Tr.
Slit width: 0,5mm
Sense of reading indicated
Dimensions: 150 x Ø28 mm
Weight: 45 g
Packaging: individual

Product advantages

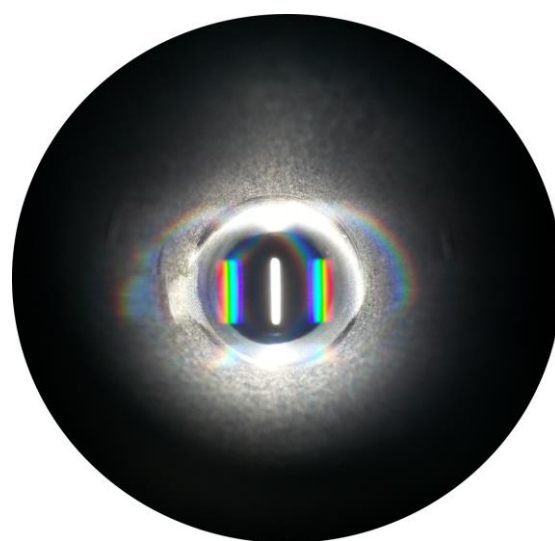

- Good price quality ratio.
- Light = easier experiments.
- Quick set up of experiment.

Examples of experiments

- Spectrometry.

Associated products

Spectroscope with tank – **DO116006**
Graduated flat spectroscope – **DO116002**
